

Giving Hoang Hanh Primary School A Facelift

Growth Vision will be partnering World Vision to help children in need through the construction and renovation of classrooms in Hoang Hanh Primary School, Vietnam.

WHAT IS THE PROJECT ABOUT?

Since 2008, World Vision has been partnering the Tien Lu community and government to help with sustainable development. Although Hung Yen Province and Tien Lu District have contributed financially, it is insufficient to develop the necessary infrastructure for the Hoang Hanh commune. There is a lack of roads, and provision of healthcare, clean water and adequate education.

Hoang Hanh Primary School's buildings have been constructed more than 30 years ago. With flooding yearly due to its vulnerable location, the buildings have become very dilapidated. Brick walls and roofs are cracked, leaking and worm-eaten. It is unsafe for children and difficult for them to concentrate, especially when it rains.

WHY DO WE WANT TO EMBARK ON THIS PROJECT?

We want to inspire Growth Vision supporters and help children in need in rural Vietnam. This project will benefit an estimated 205 primary school pupils (in 2013).

WHO ARE WE?

Growth Vision(GV) is a seminar-organiser and training company dedicated to promoting Psychology of Vision (POV) & Family Constellation (FC) programs in Singapore and Malaysia, targeting on emotional and psychological wellness.

World Vision is a Christian relief, development and advocacy organisation dedicated to working with children, families and their communities worldwide to reach their full potential by tackling the causes of poverty and injustice, through our holistic and sustainable transformational development model.

HOW ARE WE HELPING?

Growth Vision is planning the school renovation project to provide a safe and conducive environment for children development, and to improve the quality of education in kindergartens and primary schools.

HOW CAN YOU HELP?

If you wish to make a donation, and/or are interested in our courses and coaching services, you may contact us at (65)6634-7131 or email us at info@mygrowthvision.com

Thank you for your kind support!

Children studying in dilapidated classrooms, built in 1980. The roof leaks during rain and is distracting for the children during their lessons.
